- ▲ 190 employees

J.Hvidtved Larsen A/S

J. Hvidtved Larsen A/S

J. Hvidtved Larsen A/S provides the solution – a unit for every need

We have FlexLine®, CityFlex® and RECYcler® from J. Hvidtved Larsen A/S, and they are utilised 24/7 with a minimum amount of issues. Our operators prefer to use the JHL vehicles as they know the performance and reliability will make their day-to-day tasks easier
Chris Stewart, IWJS Group

CityFlex®

RECYcler®

MaskoFlex®

FlexLine®

FlexVac®

FlexLine®

J. Hvidtved Larsen A/S

Movable partition

- ▲ Best selling type
- ▲ Combined jetting and suction technology
- ▲ Movable partition – fewer trips to the waste water treatment plant
- ▲ Possible to mount additional equipment
- ▲ Preventative cleaning and emergency cleaning of sewer mains
- ▲ Transport of hazardous materials (ADR)
- ▲ Transportation of sludge

CityFlex®

J. Hvidtved Larsen A/S

- ▶ Combined jetting and suction technology.
- ▶ Designed and developed to accommodate the rising need for compact mobile jetting and suction solutions in urban areas with narrow streets, low accessibility and weight restrictions (f. ex . multi-levels parking houses).
- ▶ High pressure cleaning of city pipes
- ▶ Save delivery in a regular 20 foot container

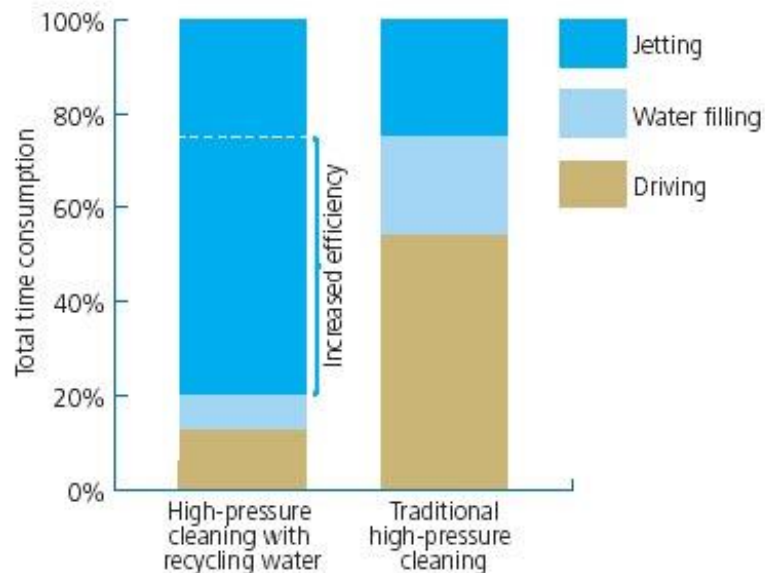

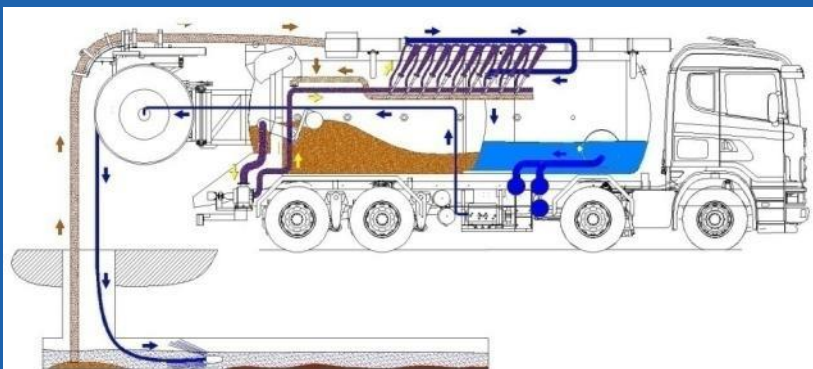

RECycler®

J.Hvidtved Larsen A/S

- Based on FlexLine®
- Fully automatic cleaning process based on continuous water recycling
- Popular type in regions with expensive water or limited access to water source
- **60% more efficiency** compared to other types
- Less driving – less traffic jam, fuel save, less CO2
- Use of recycled water saves drinking water

Training and service – the key elements of our business

J. Hvidtved Larsen A/S offers a world wide service concept for sewer cleaning vehicles and vacuum loaders together with a large selection of spare parts and accessories.
